Now comes Mr Terry McGatta in good faith and without prejudice, who makes this statement on his own free will. Between the dates of 03-22-93 and 04-09-93 I heard and observed some things said and done by Gary St. Clair and Anthony Travise that should be scrutinized. On several occasions while Gary St. Clair and I were celling in ward C-2 he discussed some issues about his case and gave me and Anthony Travise certain statements made by Gary St. Clair and Butch Wolcott.

Gary talk about his plea bargain and stated that he did not do it and confirmed that the only reason he took the deal was because he was scared and his lawyers were not willing to stand up for him, so he made up the story about being at the scene of crime in a said bedroom.

On more than one occasion Gary St. Clair and Anthony Travise corroborated about statements made and passed those statements under the door where cat-walk is. I do know that these events occurred to make a better case against Tyrone Poling, because Anthony Travise made derogatory remarks about Tyrone Poling. This statement is true as to the best of my <sup>T.D.M.</sup> knowledge. T.D.M. Mr. Terry McGatta
